01/21	Akin Owosina SFWMD	TBA

Welcome a New Associate Member- Christal Glinka

Note to Members:

Sign-in sheets will be at each meetings as attendance may be used for continuing education credits. Field Trip participation can also contribute continuing education credits.

President's Message

by
Amy Tobias
(tobiasae@cdm.com)

Dear EGS Members

I hope you are all enjoying the beginning of the fall season. Hopefully, we can make it through October and November without anymore hurricane threats. Field work will definitely be more comfortable with the arrival of cooler weather.

We had a nice turnout for our first EGS meeting held on September 17, 2002. Christal Glinka, a senior from Florida Gulf Coast University and intern at the South Florida Water Management District (SFWMD), spoke about her research on core analysis from the shallow subsurface at the CRS Rinker Mine in Lee County. She conducted this research while working at the SFWMD. We appreciate her time and effort in coming to speak to our group.

Information on our next EGS speaker for the October 15, 2002 meeting is unavailable at this time. We are still planning on having a great meeting whether we host a speaker or

decide upon a social hour. Either way we hope you will all be able to attend and join in the festivities.

I have spoken to Tom Scott, the assistant state geologist at the Florida Geological Survey, about running a field trip for us this year. Last year Tom headed up our field trip in the Panhandle, which was great. One of the sites he took us to was the Jackson Bluff site along the Apalachicola River. Here the field group encountered the Jackson Bluff Formation and its many fossils. This year I hope to coordinate with Tom Scott a field trip in our neck of the woods. It looks promising.

Fundraising ideas were discussed at our last EGS meeting such as polo shirts with our logo embroidered on them, mugs, hats, and decals. Information regarding these items will be discussed at the October meeting. We hope you can attend to help vote for the fundraiser for this year.

Please mark your calendars! Our next EGS meeting for the 2002-2003 club year will be Tuesday October 15. We look forward to seeing all of you again and hopefully meeting new members.

Amy Tobias

October Board Meeting Notes

The October Meeting of the EGS Board of Directors convened at The French Connection on Thursday 10/03/02 at 5:30 pm. Present were Directors Duane Dungan and Clyde Dabbs, Secretary/Treasurer Curt Klug, and editor Terry Bengtsson. Issues discussed included acceptance of membership by Christal Glinka. The current status of the EGS Website was discussed and the group pretty much agreed to proceed in establishing a site with an appropriate address name, adequate memory and reasonable monthly fee (below \$150). Curt Klug vowed to get in gear and make this site a reality. The group discussed the need to reach out and get new members, obtain new advertisers, draw previous members back, and other proactive moves to keep the society active.

Curtis Klug;
Secretary/Treasurer

THIS MONTH'S TOPIC

This month's topic is not ready at press time.
Please meet the group on Tuesday evening.

Everglades Geological Society

Meets on the Third Tuesday of each month at the French Connection Cafe on First St. in downtown Fort Myers, Florida. Social hour starts at 5:00 PM. The meeting begins at 6:00 PM. No meetings are held in July or August
