

Everglades Geological Society

November 2016

Volume 22 Number 4

EGS presents: The American Institute of Professional Geologists

6:00-6:30pm: AIPG: Get Connected – **HELEN HICKMAN, PG, CPG**

National president's overview of the AIPG organization, services, and resource for both professionals and students. Highlights of the national conference in Santa-Fe.

6:30-7:00pm: AIPG'S Florida Section and State News for Geologists – **ANNE MURRAY, PG, CPG**

AIPG-FAPG section initiatives, upcoming meetings and fieldtrips and legislative and regulatory news for the geology community.

Presenter Professional Summary: Anne Murray is a licensed professional hydrogeologist with Martin County specializing in water resources with emphasis on public groundwater supply planning and water resource development. Her background is augmented by over 29 years of experience in utilities and environmental consulting as a water resource project manager and senior hydrogeologist for projects in Florida, California, Utah, Colorado, and Georgia. Ms. Murray, a Boston University graduate, currently serves as President of the American Institute of Professional Geologists Florida Section and Past Chair of the Southeast Florida Utility Council. She is a Water for People volunteer and has provided international development services in Africa, India, and South America.

7:00-7:30pm: Meeting wrap-up, questions and networking
